NOTE FOR: R&E Task Force
LL

This note asks for your help.

Now that we have completed the preliminary report to the SSCI, we need to think about what we want to say to the Committee on:

- 19 June, when I brief the SSCI Staff. What do we want to achieve in this session and, more specifically, what questions do we want to have the answers ready to give, in this session.
- 25 June, when the DDCI briefs the whole Committee.

Please provide your ideas and points to [redacted] who will integrate them. I will be working on my presentation on Monday and Tuesday of next week (i.e., 15/16 June).

Ideas for graphics aids are needed as well.

What more may I do for you here?
